PRESIDENCY OF THE SOUTHERN PA-CIFIC IS A HEAVY TASK.

Panhandle Train 19 Makes a Fast Run, Covering Miles in Fifty Seconds -Cost of Mail Transportation.

The directors of the Southern Pacific Railroad Company yesterday elected Chas. M. Hays to the presidency of the company. No other business was transacted at the meeting. It is stated that Mr. Hays will receive a salary of \$55,000 per annum. He is now receiving from the Grand Trunk and Central Vermont as general manager \$40, 000. But few persons comprehend the imis controlled by the Southern Pacific Company, a company chartered under the laws of the State of Kentucky, with an authorized capital stock of \$200,000,000, of which \$193,802,100 has been issued. The total mile-

age of the system is 7,614 miles. Dissatisfied with Its Allotment. It is said that the Chicago & Northwestern is making preparations to convince the government that it should be allowed to carry more of the mails between Chicago and the Union Pacific transfer at Council Bluffs. At present the Chicago, Burlington & Quincy derives twice as much as the Northwestern in carrying the mail between the points named. Figures just published giving the amounts paid the railroads handling the transcontinental mail by the government show that the New York Central, between New York and Buffalo, receives, per annum, \$1,450,000; the Lake Shore, between Buffalo and Chicago, \$1,100,-000; the Chicago & Northwestern, between Chicago and Omaha, \$270,000; the Chicago, Burlington & Quincy, between Chicago and Omaha, \$670,000; the Union Pacific, between Omaha and Ogden, \$1,020,000. The full amount received by the roads for carrying the mail between the two oceans is \$4,517,000.

Official notices were posted yesterday of the inauguration of a pension system for the employes of the Pennsylvania lines. been crippled in the service of the road The system has been in vogue on the as it has met with the approval of the employes, it has been decided to extend it over the entire Pennsylvania lines.

freight agent, have returned from Texas, where the former owns a ranch In the month of October there were loaded and unloaded at the city rreight depots of the Pennsylvania lines 3,094 cars, representing 30,732,149 pounds of freight. Robert L. Kelley, general agent of the Wabash at Buffalo, who has been seriously

ill for six weeks, has so much improved that he was at his office on Thursday. The Railway Journal of St. Louis publishes a photograph of W. C. Arp super-intendent of motive power of the Vandalia line since 1896, and speaks in very complimentary terms as to his experience and

road it may be stated that the company found it necessary to cancel the arrange-

gauge to a standard gauge road. Train No. 19 on the Panhandle, hauled by one of the large new passenger engines between Cadiz tunnel and Columbus, covered one stretch of twelve miles in eleven minutes; one mile was made in forty-nine

seconds, and another stretch of three miles at the rate of fifty seconds to the mile. The Wabash people do not look for a reversal by the Indiana Supreme Court in the Eel River Railroad receivership decision. Should the Wabash be ousted at once, it is understood that an arrangement can be made with a friendly line to handle the traffic of the Wabash until the cut-off between New Haven and Butler is built.

Horace Beaven, for many years city ticket agent of the Louisville & Nashville at Memphis, has resigned, and George Mc-Lean, who has been connected several years with the passenger department of the Louisville & Nashville, succeeds Mr Beaven. P. B. Jones, agent of the company at Clarkesville, Tenn., succeeds Mr.

McLean in the position vacated. According to the Galveston News, the Galveston roads have succeeded in getting rid of all the damaged grain and all the freight there at the time of the storm, reeasing equipment and track room and giving a clear field. Cotton is being delivered freely for export, and the wharf company is receiving new grain shipments. It begins to look as if Galveston will not suffer in

grain receipts.

The total mileage of the Cincinnati, Hamilton & Dayton is 651 miles, all well laid with heavy steel and in splendid condition. The inspection party which has been going over it this week reports the track as the best in its history, especially on the main line from Cincinnati to Toledo, and from Hamilton to It dianapolis. Considerable improvements the past year were made at terminals and the more important stations. President Baldwin, of the Long Island Railroad Company, was quoted yesterday as follows: "I wish to emphatically deny rumors that have been circulated in re- mud at the bottom of the run, where I lost gard to improvements which the Pennsylania road intends to make on Long island. Was Dealing in Shoes. A man who said his name was William Jones and his place of residence Norfolk. Va., was arrested yesterday by Schroeder and Hauser and charged with burglary and petit larceny. He was in the vicinity of Shelby street and the Belt Railroad vesterday with shoes for sale at extremely low prices. As soon as one pair had been disposed of he would go away and return with another pair. The shoe store of Henry Smith in that neighborhood was robbed of a lot of shoes sometime ago and it is thought the shoes came from Smith's
